DD/S

21 November 1957

1. Agreed to have lunch with Gordon Stewart, Joe Winslow of the White House personnel staff, and Rocco C. Siciliano, Special Assistant to the President for Personnel, on Wednesday, 27 November. Suggested to Gordon that he try to have Messrs. Winslow and Siciliano over here for lunch and that we might be able to get them in to see the Director for a few minutes.

2. [REDACTED] was in to see me about procedures for withdrawing money from the Contingency Reserve for projects approved by the "5412 Committee." There are three particularly sensitive projects on hand at the moment which Tom says the Director has asked him to clear with the Bureau of the Budget without having anyone from the Office of the Comptroller accompany him. After some discussion I told Tom that I would like to discuss the matter with the Director personally before going forward with this procedure and that I would call him as soon as I had done so. (On 22 November I spoke to Mr. Dulles about this and he agreed that Ed Saunders should participate fully with Tom in presenting these requests to the Bureau. Tom was advised.)

3. [REDACTED] telephoned to say that in compliance with Senator Holland's request the Director would see Mrs. [REDACTED] at 4:00 p.m. on the 29th of November. I immediately telephoned [REDACTED] and asked him to have Mrs. [REDACTED] report to the Director's Office at the appointed time.
